Brokerage Commission Fees	
Stocks / ETFs Commission Fee* <i>* In addition to the per trade charge, a fee, which typically ranges from \$0.01 and \$0.03 per \$1,000 of principal is added to certain securities orders (the "Regulatory Fee"). Green Pier pays certain charges imposed on us by national securities associations and other self-regulatory organizations (collectively, "SROs"). The Regulatory Fee is designed to offset the charges imposed on us by the SROs, which in turn are intended to cover the costs incurred by the government, including the SEC, for supervising and regulating the securities markets and securities professionals. You acknowledge, understand, and agree that we determine the amount of the Regulatory Fee in our sole and exclusive discretion, and that the Regulatory Fee may differ from or exceed the charges imposed on us by the SROs. These differences are caused by various factors, including, among other things, rounding methodology, the use of allocation accounts, transactions or settlement movements for which a fee by the SROs may not be assessed, and differences between the dates of changes to rates charged by the SROs. The Regulatory Fee is included on your trade confirmation.</i>	\$0.00 per trade
